

## **\*\*Important Note About Wait Lists\*\***

As Summer Camp Registration continues we have noticed that many families are **wish-listing** weeks of camp. **WISH LIST is NOT the same as adding your child(ren) to the WAITLIST**

When you are on the **WAITLIST** you are saying you want a spot if one opens up. If a spot does open, we start with the first person on the waitlist and work our way down until it is full. Waitlists are taken care of on a first come basis.

When you **WISHLIST** a program, you are just making a reminder for yourself that you want to be in that program. It does not reserve a spot for you in the queue if something opens up.

**If you were shut out of a week of camp please go back and make sure you added your child(ren) to the WAITLIST not the WISHLIST.**

If you have any trouble please give us a call at 662-6450.
